A formal lounge and dining room at the front of the home creates a welcoming space to relax or entertain. At the centre, the kitchen connects with the meals area and a flexible living zone, offering room for an additional sitting area or study to suit your family's needs. A separate rumpus room provides further space for children, movie nights or everyday living.

Four bedrooms include three additional bedrooms with built-in robes, while ducted heating and evaporative cooling provide comfort throughout the seasons.

Outside, a large entertaining area overlooks the spacious, terraced backyard, offering plenty of scope for outdoor living, gardening and play. The double garage features drive-through access for added convenience.

With Jacksons Hill shops, walking tracks, primary schools and Galaxyland close by, everyday convenience is well catered for. Sunbury township is also within walking distance or a short drive, completing an appealing opportunity for families seeking space, flexibility and a connected lifestyle.
