House 4  1  1 

SOLD BY NEVILLE SMITH 0427 574 146

This older home is situated in one of Urunga best streets. High street has elevation and catches the cool summer north easterly breezes. The home is much larger than it appears from th outside. It has 4 spacious bedrooms and a large kitchen and dinning room. 2.7 meter ceilings give the home a real sense of space and the Tallow Wood floors have been partly polished. Overall the home is structurally very solid all though it does need some work to bring it up to its former glory. It is a renovators delight with really good bones and has been priced to sell by a motivated vendor. Inspection is highly recommended.
