This home was built in 1907 and is part of the Dorrigo Shire Chamber of Commerce's original building. It has been re-wired, has a new roof and an up-stairs extension and is in need of your creative talents to bring this home to its full potential.

Entering from the front door you walk directly into the lounge room, where you will find an open fire located at each end of the room, original timber floor boards and a cellar that was once the shires Safe Room. An L-shaped undercover verandah adjoins this room. Down a flight of stairs is the kitchen, modern with stainless steel appliances, walk-in pantry, dining area, a bedroom and bathroom. A second set of stairs leads from the lounge room to the third level, which comprises of two further bedrooms and utility room, a bathroom with separate toilet. Up another flight of stairs to level four is the parents retreat, with a large bedroom mirrored robes, air conditioner and a modern ensuite. The grounds are easy to maintain and the rear yard is adorned with fruit trees. The home has been partially renovated and is in need of completion. The purchaser of this home is guaranteed to have a home that NO one else would ever have!
