## ANSTEY VILLA - A LITTLE PIECE OF HISTORY

Set in the original village of Hemmant is charming Anstey Villa. Built in the 1930s, this special home has seen many changes over the years.

Still with endearing features - ornate art deco ceilings, curved walls & polished timber floors really set the scene.

Separate dining, lounge and sunroom make for a liveable floor plan.

The centrally located kitchen has a built-in pantry and elevated outlook. Access to the laundry and second toilet are handy too.

Privately tucked away, on a fully fenced 458m2 block, conveniently located close to public transport and major arterials - get in quick, before someone else does!
