At the heart of the home sits a stunning contemporary kitchen, perfectly positioned to connect family and friends.

Featuring a walk-in butler's pantry and quality updated appliances-including a 750mm gas cooktop, electric under-bench oven and dishwasher-the kitchen flows seamlessly into a spacious open-plan living and meals area. From here, sliding doors extend to a covered alfresco space, offering a private setting to relax, entertain or watch the kids play in the landscaped backyard.

The master bedroom provides a peaceful parents' retreat, complete with a generous walk-in robe and a stylish ensuite boasting a double vanity. Two additional bedrooms are well-sized, fitted with double built-in robes and ceiling fans, while a versatile front room offers flexibility as a fourth bedroom, formal lounge or home theatre-ideal for growing families.

Thoughtful storage solutions enhance the home's liveability, including excellent laundry storage, a walk-in linen room and a cleverly integrated study nook-perfect for homework or working from home.

Completing the package is a double lock-up garage with rear roller door access, allowing secure drive-through parking for a boat, camper or trailer. A garden shed at the rear provides additional storage for tools, bikes and outdoor equipment.

With schools and Charles Sturt University within easy walking distance, this outstanding location can save hours each week on school runs-making everyday family life that little bit easier.

A quality home offering space, flexibility and an unbeatable family-friendly position.
