

5/32 Victoria St, Coffs Harbour, NSW 2450

Sold - 30/08/2010

Unit 2    

Small unit - big value! Beautifully renovated!

This home was been upgraded very successfully about 2 years ago, which has now made it VERY comfortable. Isn't something like this so much better than renting? You'd be mad if you didn't give it a go!

Can you see from the pictures that it might be for you or it might look good in your investment portfolio? Maybe you're looking for an unit for your student daughter or son?

It's has lots of goodies in it too...

It's the only unit with a carport for a start...

There's a new kitchen **and** a new bathroom - including a bath (which has a spa in it)! The current owner has left some furniture - ask for a list!

It's also the only the only unit with a garden shed! There's access from the lane at rear as well as the main drive from Victoria Street.

Used by some Sydney people as their holiday unit, it is now available to you if it meets your requirements?

The Strata people are currently taking action to replace the fence on the western side.

This unit is just up from the Race Club & Golf Driving range, giving close access to Hogbin Drive, down to the airport.

Open for Inspection

By Appointment.
