The 5-bedroom Adenbrook Home was built approx. 2003 and is beautifully presented catering to a large or extended family and providing a separate wing which can be closed off from the rest of the home. A gorgeous inground pool is beautifully landscaped and also provides a private cabana overlooking the pool!

This Home has had many updates and inclusions over the past years with features you would expect to find in a home of this calibre including:

5 bedrooms - all carpeted, 4 have built-in robes and ceiling fans and all with glass panelled doors.

3 bedrooms at the front of the home comprise a separate wing and has its own tiled TV/living room. This area has split system A/C, ceiling fan and sky-lite. All bedrooms open from this area and also include the large family bathroom and separate toilet. This area can be closed off in the hall by a gorgeous barn door.

A large 5th bedroom/study opens from the entry hall, is carpeted and has ample space to accommodate beds, robes or study desk.

The master bedroom is spacious and includes ceiling fan, SS A/C, walk-in robe and large ensuite with double vanity and also overlooks the pool and entertaining area.

Gorgeous white plantation shutters feature throughout the living areas and bedrooms providing that cool tropical feeling!

The extra-wide tiled hallway opens into the large kitchen/dining area and the extensive living rooms. An extra wide front door allows for easy movement of furniture.

Cosy up in the cooler months with a wood heater in the formal living room which has plush carpet, ceiling fan and SS A/C.

To the rear of the home a media room overlooks the pool and entertaining area and opens to the family/dining and kitchen. Here a beautiful built-in cabinet houses your wine cellar, CD, DVD and media collection and topped off with a stunning full-length timber bench top.

Great features in the kitchen include extra wide fridge space, walk in pantry with auto lighting, Bosch dishwasher and under bench oven, stainless steel range
