At the heart of the home is an expansive open-plan kitchen, dining and family area. The contemporary kitchen offers an abundance of bench and cupboard space, stainless steel appliances including dishwasher, and a practical layout that connects seamlessly with the outdoor area.

The oversized master bedroom is privately positioned and features a walk-in robe and ensuite, while the remaining three bedrooms include built-in robes and ceiling fans. The family bathroom is generously sized with a separate shower and bathtub.

Outside is where this property really stands out. The covered alfresco area flows onto an impressively large concreted outdoor space, providing plenty of room for outdoor entertaining, kids' activities and easy-care living without the maintenance of a large lawn.
