

5 Hawk Pl, Shellharbour, NSW 2529

\$1,495,000 - \$1,595,000

House 4  3  1 

A Home Designed for Every Generation - heading

Beautifully renovated, surprisingly versatile and positioned in one of Shellharbour's tightly held residential pockets, this is a home that deserves to be experienced in person.

Open for Inspection

Sat, 22 Aug 2026 - 11:30 AM to 12:00 PM

For families, downsizers or buyers looking for a home that can comfortably accommodate more than one generation, this property offers genuine value. Single-level homes with this combination of renovation, entertaining space, flexibility, and location are difficult to replace.

Set across one generous single level on a 584m² block, the home delivers the space a growing family needs today while offering the flexibility to adapt as life changes. Stylish interiors, multiple living zones, exceptional entertaining spaces and a private pool combine to create a genuine family home - but it is the clever floorplan and location that really set this property apart.

At the heart of the home is an impressive gourmet kitchen designed for those who genuinely love to cook and entertain. Featuring integrated Liebherr fridge/freezer and dishwasher, Miele induction cooking and an exceptional suite of four Miele ovens - pyrolytic, moisture, steam and convection microwave - it is a kitchen rarely seen at this price point. A striking raked ceiling enhances the adjoining family room, while a separate sunlit living and dining area provides additional space for everyone to spread out.

Four bedrooms and three bathrooms are thoughtfully positioned throughout the home, including an ensuite bedroom at the front and another privately positioned bedroom and ensuite toward the rear. This separation creates exciting possibilities for multi-generational families. With the adjoining rumpus room offering potential for a future kitchenette (STCA), the rear portion of the home could lend itself beautifully to a more independent living arrangement - ideal for ageing parents who want to remain close to family while retaining their privacy, adult children saving for their own home, or a young couple wanting their own space under the same roof.

Outside is equally impressive. Two travertine-tiled alfresco areas provide plenty of room to entertain, complemented by an outdoor kitchen with built-in BBQ and gas stove. The private solar-heated pool completes the picture, creating a relaxed backyard setting ready to enjoy with family and friends.

While there is a single garage, the deep setback from the street provides valuable additional driveway parking - another practical advantage for households with multiple vehicles.
