Outdoor Power Equipment & Heating Business - Bathurst

Bathurst Mowerland & Heating was established in 1993 by experienced owner-operators and successfully provides sales, service and repairs to Bathurst and the surrounding regions. The business objective remains focused on providing high-level customer service and expert advice on their vast range of premium products.

Open for Inspection

By Appointment.

The business has been trading for almost 30 years and has been a significant part of the local community and a well-known brand amongst locals. The business started out very humbly with future profits being returned into the business to increase stock levels and attribute to future growth.

The business has strategically developed its product offering to ensure a variety of options that are complemented with quality customer service and after sales support with both spare parts or in the workshop.

The business is situated on an expansive corner block on the fringe of the vibrant Bathurst CBD. Only ten minutes walk, less than 1km to the Bathurst Post Office and just 350m from the Great Western Highway. It has multiple access points making it easy for large vehicles to load and unload machinery along with six onsite parking spaces plus ample parking options on the street front.

After thirty years of growth and trading profitably the current ownership is looking to pass the baton on to a motivated and enthusiastic entity. This very well known and trusted local business has all of the required processes in place to ensure its continued success and longevity. This would enable any purchaser to add their own style and ideas to an already thriving business. The foundations are well established and for those with foresight, passion and a drive to achieve, an outstanding opportunity awaits.
