A long private driveway opens to a light-filled interior with soaring ceilings, formal living and dining, and a large open-plan hub that centres on a well-equipped kitchen.

At the rear, uninterrupted water views and a neighbouring golf course create a serene, resort-like backdrop.

The accommodation is designed for families and downsizers alike, featuring a master suite with deluxe walk-through robe and updated ensuite, plus French doors to the 15m lap pool. A second water-view bedroom with private entertaining space, a third with a powder room, and a versatile fourth front-facing room ideal as an office or guest suite.

Recent renovations in the main bathroom and laundry align with the ensuite quality, while multiple outdoor entertaining zones, a sun-drenched lap pool, ample yard space, and a private gate to the golf course enhance everyday living.

Energy efficiency is supported by solar panels and reverse-cycle air conditioning, ensuring comfort year-round.
