House 2 1 1

## Surprising!

Beautifully positioned on the high side of the street with delightful views to the south east this home will surely surprise anyone lucky enough to view it. Well-built solid brick construction, immaculately presented on an expansive 923 sqm block!

Along with the huge block, complete with impressive landscaping, near level backyard and delightful views this fantastic home also offers a brand-new professionally installed kitchen, second toilet to the laundry, a huge undercover out door entertaining area and a good-sized garage with loads of storage.

Though the home only features two large bedrooms with built in wardrobes, it is very spacious and feels much larger than the average two bedroom home and is definitely worth a look in because I assure you that you will be surprised!
