Home Opens Cancelled - Under Offer

WOW Factor The Jewel of Hilbert. If you've been searching for a home that genuinely makes you say wow, this extraordinary residence in the beautiful Brookwood Estate is the one that stops you in your tracks.

Surrounded by impressive family homes, it stands apart immediately not just for its sheer size, but for its immaculate presentation and commanding street presence which is a credit to the current owners who have lovingly maintained and styled this incredible home.

Set on approximately 2020sqm with 7 bedrooms & 3 bathrooms, the property greets you with manicured lawns, landscaped gardens and elegant plantation shutters. A sweeping curved driveway stretches almost the full width of the block, offering parking for multiple vehicles, while a second driveway runs along the right side of the home to the triple garage and the large rear workshop, providing ample space for every toy, trailer or project.

Double doors open into a grand foyer where a vaulted ceiling and chandelier set the tone for the rest of the home. To the right, a generous front lounge offers a peaceful retreat with room to style as you please. To the left, a hallway lined with linen storage leads past a separate W/C and powder room to the master suite a true sanctuary with a vaulted ceiling, feature wall, ceiling fan and space for a king sized bed and furnishings. The walk in wardrobe is enormous, and the huge ensuite feels more like a luxury hotel, complete with twin vanities, extensive cabinetry, a glass panelled shower and a separate W/C.

The open plan living and dining area forms the heart of the home, a vast space warmed by a combustion fireplace and designed to bring the whole family together. Overlooking it is the newly renovated kitchen, finished with beautiful stone benchtops, abundant storage, a 900mm stainless steel oven, gas cooktop and dishwasher. Whether it's everyday meals or large gatherings, this kitchen is built to handle it all.

Movie nights become something special in the dedicated theatre room, where staged seating, blackout plantation shutters, plush carpet and a split system air conditioner create a true cinematic experience.

A second main hallway on the opposite side of the home leads to five queen sized bedrooms, each with built in robes, ceiling fans and plantation shutters and loads of storage space along the hallway and laundry. They share a newly renovated bathroom featuring a new bathtub, glass panelled shower and W/C, along with an additional powder room at the end of the hallway giving the home two W/Cs on each side for ultimate convenience. Solar panels, reverse cycle air conditioning and an alarm system add further comfort and efficiency. WIFI enabled security cameras.
