Open for Inspection

By Appointment.

This wonderful family home is tucked away in a quiet street with a lovely bush district outlook and will have you feeling right at home. Situated nearby Narara Station, not far from shops and with easy access to the M1, it is sure to tick a lot if not all of your boxes!

Park your car easily off street by way of a double carport at the front then enter to the hall and through into the L shaped living and dining area with beautiful polished floorboards that opens onto an undercover deck to take advantage of the view.

A large galley kitchen features a stainless steel gas stove, dishwasher, an overload of storage with deep drawers and a pantry plus a breakfast nook at the end great for the kids to enjoy breakfast of a morning.

The large master bedroom is at the front of the home with a walk-in-robe the size of a room itself through to the ensuite bathroom. There are mirrored built-in wardrobes to two of the other double bedrooms, one being downstairs so would be idea for a teenager or even in-laws. Modern family bathroom with a separate shower, bathtub and toilet.

Downstairs could be a rumpus or study, utilise the area how it suits you with a big laundry offering third toilet and another bathroom with shower. Under house storage is easily accessed and there is a triple built-in robe as well.

The backyard is family friendly with a fantastic BBQ entertaining area and is fully fenced. Sorry, no pets permitted.
