Tucked into a lovely pocket of Gatton, this solid lowset brick home is an absolute treat from the moment you arrive. Set on a well-sized 615m2 block and completely transformed inside and out, it's the kind of home that genuinely surprises you with its space, comfort, and fresh, modern appeal.

Sitting proudly on a 615m2 block, it has been fully renovated from top to bottom, giving you the peace of mind that everything has already been done—simply move in, settle in and enjoy. From the street it looks tidy and inviting, but once you step inside, the generous size and thoughtful upgrades really start to shine.

The moment you enter, you're welcomed by a fresh, modern interior. New floor coverings stretch throughout the home, pairing perfectly with the fresh paintwork and updated light and fan fixtures.

Every room feels bright, clean and inviting. All three bedrooms are newly carpeted and include wardrobes and ceiling fans to keep things comfortable year-round. The main bedroom also boasts air-conditioning, giving you the ideal retreat on those warm Queensland nights.

There's an added sleep-out as well—a versatile extra space that could easily become a home office, reading nook, hobby room or even an extra play space for the kids.
