The Ultimate Country Escape with Modern Comfort and Space to

Perfectly positioned in the beautiful Daruka Estate, this impressive property offers a rare combination of space, privacy and quality living. Set on approximately 3.22 hectares (7.95 acres) and surrounded by natural bushland, the home has been thoughtfully updated to provide the best of modern comfort while retaining its inviting country charm.

Open for Inspection

By Appointment.

A tree-lined driveway welcomes you to the property, leading to a striking steel-framed residence surrounded by established gardens and a sealed driveway for all-weather access. Recently refreshed throughout, the home now features new paintwork, fresh floor coverings and a refined internal layout that provides an abundance of space - with four living areas including a family room, living room, dining zone and a games or rumpus area designed for entertaining. At the heart of the home, the kitchen impresses with stone benchtops, updated appliances, a walk-in pantry and excellent storage. The open-plan design ensures seamless flow to the surrounding living zones and out to the wide wraparound verandah that's perfect for year-round entertaining.

The spacious master suite is privately positioned and includes a walk-through robe, modern ensuite and a parents' retreat for quiet relaxation. The remaining bedrooms are all generously sized with built-in wardrobes and enjoy easy access to the well-appointed three-way bathroom. Comfort is assured year-round with ducted reverse cycle air conditioning and underfloor insulation, while high ceilings and wide hallways add to the sense of openness and scale.

Outdoors, the property is an entertainer's dream with a 3-metre-wide Merbau verandah wrapping around the home and overlooking the inground saltwater pool - the perfect backdrop for summer gatherings. The 18 m x 9 m four-bay shed with commercial grade remote roller doors is a standout feature, offering extensive space for vehicles, a workshop or hobby area, and includes bathroom facilities. Designed for lifestyle and practicality, the land is divided into three main paddocks with a stable/shelter, an old arena base and fencing suitable for horses or livestock. Water security is exceptional, with approximately 200,000+ litres of rainwater storage, a community bore, and an unequipped well with a stock and domestic licence.
