## C'mon.... Spoil Yourself

This fully renovated home will allow you to just move in, relax or entertain friends & family with ease. The brick veneer home comprises 3BR's with built-in robes throughout, formal lounge, brand new bathroom, new well-appointed kitchen, meals with direct access to a huge outdoor covered pergola that you could entertain 12 months of the year. The home also offers ducted cooling & a gas wall furnace, separate laundry, front veranda, lockup garage & lockable carport, plus an additional fenced area for an inflatable pool. The position of this property I feel is great, with walking tracks nearby and you have the ability to walk over to Centro Lavington precinct.
