Auction

House 3 1 1

Leafy Character Retreat

Privately positioned amongst established gardens in the sought-after setting of McLeans Ridges, this character-filled home offers a wonderful balance of space, comfort and connection to its leafy surrounds. With generous verandas, versatile living spaces and thoughtful updates throughout, it's a home designed to be enjoyed at its own relaxed pace.

The large, wrap-around veranda, creates a seamless connection between indoors and out. Each bedroom and living area enjoys direct access to the veranda, while the established gardens and leafy outlook provide a beautiful backdrop to everyday life.

Superbly renovated, the air conditioned kitchen combines an open-plan design with excellent storage and generous bench space, complemented by quality appliances, including a dishwasher and electric cooking. The adjoining formal dining room is air conditioned and connects directly with both the kitchen and outdoor area, creating an inviting space for relaxed family meals or entertaining.

The lounge room brings together comfort and character, with a wood fireplace, split-system air conditioning and a leafy outlook. Polished timber floors and vaulted ceiling with exposed beams, add warmth and texture, with this theme continuing through to the main bedroom.

All three bedrooms are generously proportioned, two with air conditioning including the main and all have direct access to the verandas and lovely garden outlooks. Stained glass details and timber features add further character, creating spaces that feel individual and connected to the home's surrounds.

Set amongst the leafy surrounds, a stroll along the boardwalk leads to the self-contained studio, perfect for an additional space to work, create, or simply escape to, with plenty of flexibility for an art studio, home office, reading room, or creative retreat.

The property has also been equipped for greater self-sufficiency, with over 12kw of solar power, a 10.1kw battery and UPS, together with 27,000 litres of water storage.

Key features:

• Private, leafy setting amongst established gardens
