

58 Cobalt St, Broken Hill, NSW 2880

Sold - 21/03/2013

House 3 1 1

Renovations Needed

Located within a block of Broken Hill High School this property is also close to both town and Centro Shopping. The renovations were started but not completed so this is a good chance to purchase at the right price, renovate and have a tidy investment. The property is looking for someone who knows how to completely renovate a home from top to bottom. It currently offers an open living area, 3 bedrooms, kitchen and a combined bathroom and laundry plus rear access to a medium size yard. The other option is to knock it down and build a new home on this free hold block with 506m² of land.

Open for Inspection

By Appointment.
