Originally built by a local developer who has a reputation for delivering exceptional townhouses. Architecturally designed, with all fixtures and fittings of upmost quality, including stone bench tops and stainless-steel appliances to the kitchen. The new resident of this townhouse will be spoilt by both the elevated position and the views from their second story balcony, living rooms and main bedroom.

Some of the bonus features with this property are two reverse cycle air-conditioning units to the upstairs living area & main bedroom, rear upper courtyard to escape to if sea breezes are up, additional powder room upstairs for guests.

Due to the lack of this property offering in the market place this townhouse is not expected to last.
