WIWO BUILDING & BUSINESS

Hospitality and Food

Building and Business wiwo or with Lease back available

A great opportunity is being offered to the astute business investor with this prosperous business offered on a WIWO basis. The new owner will benefit from all the hard work the current owner has put-in to develop the shop and establish repeat customers. For those who wish to invest in Springvale CBD property without the need to run a business the current owner will happily lease-back the business and continue building its already established credentials.

Located between the Buckingham Ave apartment block and Springvale Railway Station there is always many people going to and from both daily. The business model, based on a popular refreshment, has proven to be a successful one even during the colder months with the business attracting many patrons. The shop also provides lite refreshments and seating for a small number of customers.
