It's not every day a home becomes available in one of Eastern Heights' most tightly held blue-chip pockets-and when it does, you know it's something special. Set in a quiet, tree-lined street known for its welcoming community vibe and unbeatable convenience, this stunning circa 1910 Queenslander is a beautiful blend of heritage charm and modern functionality.

From the moment you arrive, you'll feel it-the kind of instant connection that only a truly special home can offer. Framed by a classic white picket fence and lush established gardens, the street appeal here is absolutely timeless.

Step up onto the elevated front veranda-ideal for morning coffees or winding down with a wine in hand-and enter a home where warmth and character welcome you at every turn. Inside, the polished honey-toned timber floors, high ceilings, and leadlight windows catch the light beautifully, setting the tone for the inviting interiors ahead.

The layout flows seamlessly with open-plan living and dining, complemented by elegant archways, VJ walls, and period detailing that nods to the home's history-while thoughtful modern updates ensure everyday comfort.

The kitchen is a true heart-of-the-home space. With a generous island bench, ample storage, and a dishwasher for everyday ease, it's perfectly positioned for both family life and entertaining.
