## Mount Johns, Forever Family Home with a View

Tucked away in a quiet cul-de-sac within the ever-popular Mount Johns estate, 6 MacDonnell Court is the kind of home families fall in love with refined, spacious, and surrounded by some of Alice Springs' most beautiful scenery.

**Open for Inspection**

By Appointment.

From the moment you step inside, there's a sense of calm. A formal entrance leads you into the first living area, where two large windows including a gorgeous bay window fill the room with natural light and frame lovely views of the front yard. A handy study nook sits within this space, ideal for working from home or keeping the kids on top of homework. It flows effortlessly into the second open-plan living and dining space, creating that warm everyday hub the whole family gravitates to.

The kitchen is set up for real family life, with a gas cooktop, electric oven, dishwasher, and plenty of storage including a pantry. A large window looks out over the backyard, so you can keep an eye on things while you cook.

All four bedrooms are a great size, with built-in robes, ceiling fans, and lovely outlooks from every window. The main bedroom includes hardwood floors, walk-in robe, a freshly re-tiled ensuite; a private space to call your own, away from the rest of the household. The family bathroom has been thoughtfully laid out with a bathtub and standing shower in one room, and a separate toilet and basin just next door, making those busy morning routines a whole lot easier.

Slide open the doors and step out to the undercover entertaining area, which has been extended to accommodate more guests; and that's just one of the many well thought out features this home has to offer. The sparkling saltwater pool (installed 2017, ~35,000L) comes with spa jets and lighting, so whether it's a lazy Sunday afternoon or a summer party, you're sorted year-round.

The 748m<sup>2</sup> block offers something truly special; no rear neighbours, amazing view of the MacDonnell Ranges right from your backyard, and even golf buggy access for those who love getting outdoors. There's a community park right in the street too, which the kids will love.

Comfort is covered year-round with split system air-conditioning throughout, and the solar setup is seriously impressive! 32 panels, two 5kW inverters, and a 20kWh battery, meaning the power bills are the last thing you'll be worrying about.

A few more things to love:

• Two spacious living areas
