Lovingly refurbished the home features a smart new kitchen with quality stainless steel appliances/dishwasher, large fridge cavity (perfect for double door fridges), nostalgic glass fronted pantry and large sun room/living space overlooking the private rear gardens. Set back from the street you enter through a spacious entrance foyer that leads off to the updated central bathroom (shower only) and the large bedrooms with ornate ceilings/robes and freshly painted walls.

A 2nd toilet and separate full size laundry will please many looking for a workable floorplan. Ducted heating, evaporative cooling, 3 generous bedrooms and a 4th bedroom or perfect home study/office with plenty of living space should appeal to most discerning renters.

Lots of off street parking available along the long drive but there is also a single lock up garage and a separate garden shed/work room. This is a neighbourhood where people settle for years it's so convenient and central to all amenities. Inspection a must!
