The home is situated in Bayview Drive, just a short walk to Angel's Beach. The property sits on 746.1 sqm of land and has the added benefit of backing onto a quiet council reserve.

On the upper level, you'll find 2 bedrooms both with built in robes, and the main bedroom takes in those fantastic views. The kitchen looks over the rear yard and reserve and beside the kitchen is a small study nook or computer area. This then leads to an open plan dining and lounge room again with those views, and a wrap around verandah to the north, east and south provide lots of outdoor entertaining areas. There is a bathroom and separate toilet on this level.

Downstairs has a separate self contained flat, with its own kitchen, dining & lounge and a double bedroom. The laundry and bathroom are also on this lower lever and lead through to the single lock up garage.

The rear garden is spacious and has been transformed into a lovely cottage style garden with room for the chooks and a trampoline for the kids. Access to a council reserve and swing set is possible through the rear fence. There is a small garden shed as well. This is the perfect property for those who like to grow their own vegies and have their own private garden.

The front garden has a lovely terraced feel to it providing great street appeal. There is also a double carport.

This home has a great comfortable feel to it, and is in such a great location. Those views are a great investment for the future and the home could be lived in as is, or renovated should you wish to modernise it.
