House 3 1 1

A Charming Start in Woodcroft

For the first home buyer who has been watching the market, waiting for the right moment and the right place, this is it. Set in a quiet close in the heart of Woodcroft, this three bedroom home sits on an approx. 360m2 and offers something that is becoming increasingly difficult to find: a genuine foothold in an established suburb, with the freedom to renovate at your own pace and make it entirely yours.

Built in the early 90's, the home carries a quiet charm from the moment you arrive. The Tudor inspired facade compliments the street appeal - the kind of character that sets a home apart before you even step inside. Within, the three bedrooms and two separate living areas offer warmth and comfort, while the tiled kitchen features a window that frames a peaceful outlook over the backyard. A separate laundry and two-way ensuite with separate toilet complete this well considered floorplan.

Outside, the backyard unfolds with a personality of its own. Retaining walls create natural definition across the levels, with steps rising to a landing perfect for whoever appreciates a little garden life. It is a space that, with some vision and care, could become something truly lovely.

A secure roller door carport and additional parking for a second vehicle take care of the practicalities as well as security and privacy for when you leave or arrive.

- What We Love:
- 1/2 Tudor inspired facade with stone features
 - 1/2 Large undercover outdoor entertaining area
 - 1/2 Carport with roller door as well as driveway space for a second vehicle
 - 1/2 Large master bedroom with two-way ensuite
 - 1/2 Two separate living areas offering flexible living
 - 1/2 Established Woodcroft location close to schools, shops, parks and transport

This is a suburb built for everyday living. Local schools, shopping, public transport and parklands are all comfortably within reach, making this a location that will serve you long after the renovations are done. The first chapter of your homeownership story starts somewhere. Why not here?
