Step through the front door and into a peaceful formal living area that connects seamlessly to the oversized main bedroom, complete with a generous walk-in robe and ensuite. The underfloor heating in the ensuite means warm feet in winter-a simple luxury you'll quickly come to love.

Set well back from the road, you'll notice immediately just how quiet it is here. With no road noise, all you'll hear are the sounds of the breeze and the birds. It's a true retreat.

There are three more bedrooms-two with built-in robes, and one ideally positioned near a flexible space that could be used as a media room, home office or kids' playroom.

The kitchen is a standout, with its sleek design, double oven and modern appliances. But it's the view from the window that steals the show-overlooking the garden and rural backdrop, it's the kind of outlook that instantly takes the stress out of your day.

The oversized mudroom and laundry are both well thought out, perfect for busy families. And when it's time to relax or entertain, the open-plan living and dining area gives you all the space you need.

Step outside to a fantastic decked area that flows out to a solar-heated mineral swimming pool-your new favourite place in summer. The kids (and adults!) will absolutely love it.

And for those who love a good shed, this property doesn't disappoint. Two large garage/shed combinations, including one with a car hoist, make this ideal for storing vehicles, boats, or working from home with machinery.

Set on a fully usable 3000sqm block with established gardens and beautiful views over the surrounding countryside, this is the kind of home that wraps its arms around you from the moment you arrive.
