Ruddick Circuit is an amazing pocket of substantial homes only minutes from the CBD and has easy access to main arterial roads for a quick commute to just about anywhere. In fact, full sized homes don't get much closer to the CBD than this. The home has had a recent freshen up with external painting, upgrades fans and lights and a number of other lifestyle and functional upgrades.

The kitchen is large, with a massive island bench including stone tops and waterfall ends finished with a handy breakfast bar. Storage is in abundance, as is convenience with a built-in dishwasher and easy access to all entertaining areas including the pool. This is the central hub of the home with everyone together for the rushed breakfast gathering before school or the social catch up area preparing dinner at the end of the day.

The main bathroom is well finished and has a separate shower and bath. The full-sized laundry is away from most parts of the house with easy access to the clothes line and includes great ventilation with louvered windows, a built-in robe for brooms, vacuums, and ironing boards etc. and plenty of storage to keep it tidy.

The main bedroom is generously sized and has its own access to the balcony and includes a very large walk-in robe and an ensuite with twin basins and loads of storage. Bedrooms 2 and 3 are also large, with built-in robes and include sliding doors out to a private piece of garden with access to the pool.

The fourth bedroom is located on the lower level with its own bathroom nearby. This is the perfect guest's retreat or teenager's room as they can come and go without bothering the rest of the occupants of the home. The double garage provides a secure place to park 2 cars and accesses the house via an internal staircase. There is plenty of storage on this level as well, both below the stair case and under the house.

Features include:

- * Stunning City Skyline views from most living areas
- * Easy commute to the City, Casuarina and Palmerston
- * Refreshing in-ground saltwater pool
