House 4 2 2

Movies, Meals, Memories Made Easy

If you're after a modern home that makes family life easy (and weekends even better), this one's worth a look. Built in 2017 and still feeling fresh, this 4-bedroom, 2-bathroom home sits on a generous 540sqm block in a family-friendly pocket of Whitby — close to parks, playgrounds and all the everyday essentials. It's the kind of place where kids can spread out, adults can unwind, and entertaining doesn't feel like hard work.

Inside, the home is bright, spacious and thoughtfully laid out. The open-plan living area combines lounge, dining and kitchen, with loads of natural light and views straight out to the alfresco. Dual sliding doors make indoor-outdoor living effortless — perfect for busy mornings or relaxed evenings. There's also a large theatre room complete with projector and screen, ready for movie nights, footy finals or keeping the kids entertained while you enjoy a bit of peace. And the best part, the return air conditioning means you don't need to have the window or door open whilst the AC is on, so you can close the room, crank up the volume, settle in for your favourite viewing and stay comfortable while you are at it.

The kitchen is a standout. Generous in size, practical and made for families. Stone benchtops, a big island breakfast bar, dishwasher and a butler's pantry mean there's room for cooking, chatting and homework all at once. The master bedroom offers a comfortable retreat with mirrored robes and a stylish ensuite featuring his and hers vanities and an open shower. The remaining bedrooms are all well sized, carpeted and fitted with mirrored robes, serviced by a family bathroom with bath, shower and a separate toilet — because no one likes lining up in the mornings.
