House 4  2  2 

TWO BEDROOM HOME WITH TWO BEDROOM GRANNY FLAT

Positioned on a generous 1,000m² parcel in West Tamworth, this unique property offers plenty of space, dual accommodation and an excellent opportunity for buyers looking to unlock its potential.

Open for Inspection

By Appointment.

The original two-bedroom home offers surprisingly generous proportions, featuring two large bedrooms, a separate lounge, dining area with fireplace and an enclosed verandah providing additional living space. While the home would benefit from renovation and improvements, its spacious layout provides a starting point for those looking to create something of their own.

A spacious undercover deck provides an inviting space for entertaining while connecting the main home to an approved two-bedroom granny flat. This additional accommodation offers the potential to generate a second rental income, making the property particularly appealing to investors seeking dual-income opportunities. Alternatively, it provides a practical living arrangement for buyers looking to occupy the granny flat while renovating the original home.

A substantial double garage provides excellent vehicle accommodation and storage, while the generous block with dual access offers further scope for improvements.

With two separate accommodation options and a sizeable parcel of land, this property presents an opportunity for renovators, investors or buyers seeking flexibility and future potential.
