Surrounded by lush rainforest and abundant birdlife - including the resident owl - this home offers a peaceful setting that's hard to match. Whether you're entertaining friends, enjoying your morning coffee, or unwinding with a glass of wine at the end of the day on the amazing extended undercover entertaining terrace, the natural backdrop creates a wonderfully relaxed atmosphere. The terrace includes a sauna, outdoor spa bath, dining setting, pool table, and outdoor barbeque kitchen - the ultimate dream for entertainers! Year-round gatherings will become regular events and there is still plenty of backyard for children and pets. The rainforest track behind the home leads to the beach in around three minutes, or to the popular Aanuka Beach House for a leisurely meal or drink. At the front of the home the sunny, private, low-maintenance courtyard is beautifully finished with new landscaping and provides another safe, enjoyable outdoor space for the residents.

Designed with comfortable family living in mind, the home features cool tiled flooring throughout, soaring angled ceilings and tinted windows. Multiple living zones provide flexibility for every stage of family life, including a spacious family room and a second living area that currently serves as a large home office but could easily become a media room, formal lounge or dining room. The kitchen is both practical and inviting and will be the go-to for entertaining and self-catering.

All four bedrooms are generously proportioned with built-in wardrobes, three of which are serviced by the eye-catching main renovated bathroom. The impressive master suite is a true retreat, complete with its own sitting area or home office, walk-in robe and ensuite.

Additional features include air conditioning, solar hot water, insulation to both the walls and roof, security screens and doors and exceptional storage throughout, including a large garden shed. Remote controlled awnings and skylights, cabled ethernet throughout the home, fully engineered terrace/patio extension, and addition of 2-car skillion, are just the beginning of all the thoughtful improvements by the current owners which have further enhanced the home's quality, comfort and presentation (see agent for full comprehensive list of improvements).

The double auto garage provides convenient internal access to the home, while an additional bathroom at the rear of the garage is ideal for rinsing off after a swim or surf at the beach. In front of the garage, there is a recently constructed architect designed skillion that can house two vehicles.
