

8 Wattle Pl, Gumdale, QLD 4154

\$1,650,000+

House 4 2 2

A Luxurious Family Sanctuary Surrounded By Nature

Commanding a peaceful and elevated 717m² setting, 8 Wattle Place is an architect-designed residence of exceptional scale, elegance and serenity, offering approximately 342m² of beautifully considered family living.

Open for Inspection

By Appointment.

Surrounded by a lush bushland outlook and enhanced by soaring raked ceilings, refined finishes and a wonderful sense of privacy, this impressive home delivers a sophisticated lifestyle in one of Gumdale's most desirable family enclaves.

The heart of the residence is a striking entertainer's kitchen appointed with stone benchtops, generous cabinetry, gas cooking and a substantial walk-in pantry. Designed to connect effortlessly with the expansive living and dining zones, the space is flooded with natural light and framed by dramatic ceiling heights, creating an immediate sense of volume and luxury. Wide openings extend the interiors onto the covered entertaining deck, where the tranquil bushland backdrop and glistening magnesium pool create an exceptional setting for long lunches, elegant entertaining and relaxed family living.

Accommodation is equally impressive, with four beautifully proportioned bedrooms offering outstanding space and privacy. Three king-sized bedrooms enjoy access to private outdoor retreats, creating individual sanctuaries within the home, while the thoughtful floor plan allows family members to enjoy both connection and separation. Ducted air conditioning and a security alarm system further enhance the comfort and functionality of the home, while a spacious laundry with excellent storage adds everyday practicality without compromising its polished aesthetic.

Outdoors, the residence transforms into a private resort-style haven. The magnesium swimming pool forms a stunning centrepiece, perfectly positioned against the natural landscape and offering a serene place to unwind, entertain or spend warm summer days with family and friends. Low-maintenance gardens complement the elevated setting, while a secure double garage is joined by a versatile workshop or gym space with excellent functionality and storage. Despite its wonderfully secluded feel, the home remains exceptionally well connected to respected schools, parklands, public transport, the bayside, Brisbane CBD and the airport.
