### OVER 55'S IMMACULATE COMPLEX

This neat and tidy 2 bedroom unit is situated in an over 55's complex that is beautifully maintained and in a desirable location, approximately 350m-400m to Alstonville's village. As you step inside this unit you are confronted with the surprisingly spacious living & dining areas that boast open plan living with air conditioning. The traditional style kitchen looks out onto your fully paved and covered entertaining area which backs onto a vacant field, creating private and quiet living. You also have the added bonus of a single automatic garage. Both bedrooms are of good size with built in wardrobes and ceiling fans. This property is perfect for the retirees looking for that peace and quiet with the convenience of being close to town. You must inspect to appreciate this property and its stunning complex.
