House 3 2

UNFINISHED PROJECT

This home has been reformed and renovated however it now requires your finishing touches. As it is it's almost the complete family home. A recent extension provides a large, open living area to complement the three bedrooms- main with private ensuite plus there is the possibility of a fourth. There is a sleepout on the block which would be great for the teenager or as a 'boys room' and you are close to primary schools, golf coarse and bowling club. A builder or home handyman could grab themselves an absolute bargain as this home is priced to sell today!
