- * Double remote garage
- * 6m x 6m air conditioned shed with power

Open for Inspection

By Appointment.

This stunning 2 story home is located in a quiet, high quality cul de sac in one of the very best areas of Shailer Park. It is only 10 years old and presents like new. This house has fantastic street presence as it stands out at the end of the cul de sac, with sweeping lawns leading up to the double story, arched entry. We enter through the large double front doors into a formal foyer, the first thing we notice is the polished timber flooring that compliments both levels of this home, and the amazing feeling of space

To the right is a formal lounge and dining room, which lead into the open plan kitchen with stainless steel appliances and a dishwasher.

On the other side of the the kitchen is the family space, with a large family dining area and an air conditioned family room. The family room has access to the rear undercover entertaining area.

Also on this level is a laundry with external access, a guest toilet with a shower, and internal access to the double remote controlled garage.

From the entry foyer, a set of polished timber stairs lead up to the second level. At the top of the stairs is a large area with views through a beautiful bay window to the front of the house. This area would lend itself ideally to a small TV area, an office/study or even a quiet retreat. Off one side of this area is a large air conditioned master bedroom with a walk in wardrobe and ensuite, complete with a shower and toilet.

To the other side of the retreat area are three good sized air conditioned bedrooms, all with built in robes. These three bedrooms share a main bathroom with a bath and shower, and there is a separate toilet.

The outside is to die for. As well as the massive undercover entertainment area with a pitched roof, the well established landscaped gardens have a definite tropical feel and you could almost get lost wandering through the palms.

In addition, there is "mans land", a massive 6m x 6m shed, with air conditioning and power, which is currently being used as a gymnasium.

The home is set in a quiet cul de sac in one of the top quality enclaves of Shailer Park surrounded by Vemon Bushland, Kimberley Forest Park and Corubia
