### Warm and Inviting

Compact? Yes! Cute and cosy? Most definitely! This golden oldie has been renovated inside and out and one could just move in. Or if you wished you could extend fairly easily. Currently two small living areas, bedroom, large eat-in kitchen, bathroom and laundry. Detached garage which is now a 'studio' with s/c heating. There is rear lane access for parking and all on a pretty garden block of approx 741sqm.
