Sold - 7/03/2012

Apartment 3  2  2 

TOP FLOOR with VIEWS

Brilliant positions such as this are so rarely available ... less than 300m from great cups of coffee at the Alfresco Style cafe and shops at Stockland Mall, a stone's throw from the Bowling Club and with frequent bus services (including an M2 express bus stop) virtually at your front door means you can leave the cars in the double garage and save a fortune on fuel. A great spot to relax after all that shopping is the balcony of this top floor unit with its tranquil views over the district which is easily accessed from the spacious lounge and dining area. There are built-in robes to each of the three bedrooms, two modern bathrooms including an ENSUITE to the main, reverse cycle air conditioning and the full size kitchen has good bench space -

all positioned in a security complex with lift and pool. Stop paying rent and take the first step to home ownership in a location that's simply the best!
