

Woolgoolga, NSW 2456, address available on request

Sold - 8/03/2012

House 2  1 

Refreshed And Rejuvenated

Nothing quite like this on the market at the moment. A lot more than meets the eye.

This character filled 2 bedroom home is totally renovated from purchase. It is located right in town on an elevated 1062m² block suited to subdivision if required.

Open for Inspection

By Appointment.

An easy stroll to shops & both beaches with good ocean views to the north & east from most rooms in the house.

Some of the improvements include new bathroom, new kitchen with dishwasher/cooktop, new gyprock ceilings, new light fittings, new blinds, new plumbing & new electrical.

Actually everything is just about new.

The most eye-catching feature is the original flooring all sanded back & darkly stained. When this is combined with new paint job inside & out this original little holiday shack has been now been transformed into an impressive, warm, inviting, modern type home while retaining all the old charm of high ceiling & character

Please call Mark Killian 0427 027 372 to arrange an inspection.
