URGENT SALE - OWNER COMMITTED ELSEWHERE

This could be your slice of heaven and it is within walking distance to Leura Village. Wonderful ferns, plants and trees slope down to the permanent stream located at the bottom of the property. In the past many paths meandered down to the creek and provided a secret garden – a world of make-believe for the owner's children to explore. This is a perfect opportunity for an investor, a couple, a small family or someone who is stressed out with their hectic mid-week Sydney schedule. Why don't you follow in the footsteps of its current owner and make it your weekend bolt hole in the mountains. Comprising three bedrooms, a large workshop with a full bathroom under the house, open plan living and a large kitchen. Inspections by appointment only. (Land size approx. 1493m2)
