Open for Inspection

By Appointment.

This fantastic 2-bedroom Villa has just undergone a HUGE transformation inside and out, with quality renovations now completed that have delivered a stunning result!!

The contemporary style and feel of this home flow all the way through, from the brand-new plush carpets and beautiful new timber-look flooring to the designer kitchen with stone benchtops and cleverly designed bathroom that ensures no space has been wasted.

The stylish fully renovated kitchen is something else and fitted with loads of cupboard and bench space, beautiful shaker-style cabinetry, stone benchtops, deluxe brushed gold tapware, new electric cooktop and oven plus new light fixtures and luxurious tiling throughout.

Downstairs, there is a single carport plus huge laundry area with built-in cupboard space fitted with stone benchtops. This space could also double as a home office, a sewing or craft room, or a handyman's workshop.

With all the hard work already done, all you need to do is move in your furniture and add the finishing touches to make it uniquely yours.

Located in a quiet, peaceful part of the village with a lovely, shaded front verandah to sit on and enjoy the beautiful bay breezes.

No car required... with just a short stroll to local shopping such as Woolworths, Kmart, Aldi & Coles, plus parks, library, restaurants, Medical Centre and more...

So, Call Terry today.... he's ready & available to take you through 7 days!!
