This beautifully designed three-bedroom home features a stylish coastal-inspired façade and a well-planned layout that makes excellent use of the available space. With 2.7m ceilings throughout, the home has a light and spacious feel, complemented by easy-care hybrid flooring through the main living areas and stylish tiling to the bathrooms.

Positioned at the front of the home, the generous master bedroom provides a comfortable private retreat, complete with a walk-in robe and a large ensuite featuring twin basins. The remaining bedrooms are thoughtfully positioned within the floor plan, making the home well suited to families, couples or those wanting additional space for guests or a home office.

Comfort has also been carefully considered, with air conditioning provided to both the main living area and master bedroom. The home achieves an impressive 7-star energy efficiency rating, helping to provide year-round comfort while keeping ongoing energy costs in mind.

Outside, the generous yard offers plenty of usable space along with valuable side access and room to accommodate a boat. There is also a dedicated area for a future shed, giving buyers the flexibility to create additional storage or workshop space down the track.

Whether you're looking to build your first home, secure a quality investment or simply enjoy the benefits of a brand-new, low-maintenance property, this package delivers an excellent combination of style, comfort and practicality.
