Residential Land

What a find...

A rare opportunity to purchase a vacant 4 hectares (9.884 acres) property on a bitumen road just minutes from Korumburra Township, the majority of the land is flat with a gentle slope from front to back, dam 1 at the front of block and dam 2 at the rear, with lush green pasture and fully fenced this property could be the ultimate life style change, perfect for the hobby farmer or horse owner.

Parcels of land like this are near impossible to find, take advantage of the lovely aspect with views over the rolling hills, build your dream home (STCA), then unwind and escape the rat race in the gorgeous rural setting.
