"Sea Cubby"

'Sea Cubby' - the term used for a Scottish basket used to carry fish home! Stay here at 'Sea Cubby' for the ultimate fishing or family holiday! This 3 bedroom, waterfront home backs onto deep water, even ideal for mooring larger vessels! The drive-thru garage allows you to launch a smaller boat or runabout tinnie from its very own boat ramp; simply back the boat in and tie it up on the pontoon until you're all ready to go!

Open for Inspection

By Appointment.

Inside this open plan home, both kitchen and living area share the same amazing outlook over the water! High ceilings in the living area capture the beautiful breeze off the water, and if that's not enough, there's also air conditioning!! The main bedroom features an ensuite and has a queen bed; both other bedrooms contain 2 single beds each.

The owner has tastefully furnished 'Sea Cubby' for style and convenience, with plenty of seating space in the lounge area, 8 seater dining table and bar stools by the kitchen bench; all in view of the large screen plasma! Share some quality time with your friends and family by the BBQ in the outdoor covered entertaining area, overlooking the water or soaking in a magnificent Yamba sunset! And by the off chance that you're into fishing, simply cast a line or hop straight in the boat from your very own private pontoon! Holidays were meant to be relaxing and easy; it sure doesn't get much better than this!!!

'Sea Cubby' will create an excellent holiday filled with plenty of memories for families, friends and ofcourse, the mad-keen boatie or fisherman, for many years to come!!!!
