Main Street Commercial Space!!

Located just off the main street of Pemberton, the opportunities are endless with this bright and airy commercial space! Ideal for Office space, small retail outlet or boutique food based business? What do you have in mind?

Set up with a reception meet and greet area just inside the front door and then a behind the scenes area with wash basin and split air conditioner. It was previously a small boutique food business and it partially set up for this.

This space is located next-door to the local Pub, General store and Fish n Chips so foot traffic is high and with a window space like this, your bound to attract attention.

Country Towns like Pemberton are where many City people looking for a treechange are heading. In fact a number of new businesses have and sprung up in the town center or have changed hands making for a vibrant small business community. If you haven't been to Pemberton for a while then you will definitely see some changes on the main street and the crowds that are flocking to our South West tourist town.

There is a large subdivision at Greenland that will accommodate new families as they move to a rural lifestyle here in Pemberton. So a new business from this building is likely to grow over the next 5 or 10 years and with very few other commercial buildings vacant in Pemberton.

Get in now before someone else snaps it up!
