GUEST REVIEWS:

"We loved our week at this beautiful architecturally designed home aptly called Osprey, being perched over lush bushland and a breath from the sea. It was a perfect setting for us as we love the bush and we couldn't get much closer to the wildlife, with hand feeding the Kookaburras on the back deck. There was a pod of dolphins playing at Pilot beach upon our first day and a huge turtle came right up next to us as we fished in the inlet. The home itself is breathtaking, more beautiful than the photos, with everything you'd ever want to make your stay a very memorable one. We were very sad to leave. Thank you Pam and Mike, for
