## "Casa Blu"

Casa Blu is the glamorous grand dame of Byron architecture, a spectacular home in every sense, perfectly positioned in arguably, one of the best locations Byron has to offer.

This magical palace overlooks the historic lighthouse, turquoise blue waters of the Pacific Ocean and cape of Australia's spiritual and surfing mecca and has been placed on the market for sale by Auction by its owner, local Byron acclaimed artist and designer the world over, and last but not least, creator of this true masterpiece.

This large, opulent and artistic residence creatively embraces the love of colour throughout and has many features including: stylized architectural hardware, spacious light filled living areas, beautiful original glass works, an integrated appliance kitchen, a pool with sculptured fencing, a fireplace and a contemplative pond together with private gazebo.

This is a true grand residence with 3 bedrooms, each with a generous sized ensuite and verandah. This elevated and unique property provides privacy and even an outdoor bath overlooking the lighthouse. Take a short walk through natural bushland to Tallows beach or drive a few minutes to Byron's cosmopolitan town centre.

This inspiring grand dame with unending views must be experienced. For further information or to book an appointment to inspect, please contact Kevin McCallum or Janis Perkins of Real Estate of Distinction, Byron Bay.
