GREAT NEIGHBOURHOOD, GREAT PRICE!

A modern four bedroom family home with a clever and creative use of space beacons for its new owner - is that you? With well presented homes more of a scarcity, this is a must see! Current Vendors have reluctantly placed their pride and joy on the market! The spacious home has 2 separate living areas and a fully screened outdoor entertainment area, giving you that all year round usable barbeque or relaxation area. Another key feature for you to acknowledge and appreciate is the large double lock up garage and side access for the boat or van!

Vendor has keenly priced the property to meet the market. As you can see via the photos, there is nothing to spend here, just move straight in!
