

176 Yamba Rd, Yamba, NSW 2464

Sold - \$410,000

House 3  1  1 

SOLD BY DANIEL KELLY

It seems that you almost never find property in this price range in Yamba any more, let alone a solid brick and tile three bedroom home that is ready for immediate occupancy by you or your tenant!

Open for Inspection

By Appointment.

Well built and practical in design, this neat three bedroom home is one that offers comfortable living with an open living area, light and airy kitchen overlooking the back deck and yard, and built-in robes to all of the bedrooms.

The bathroom is of a three-way design, ideal in configuration, and the laundry offers good usable space as well as access to the back yard.

Extending out of the dining area is the huge covered rear deck which is the ideal space for entertaining. Here you can sit and enjoy a cold afternoon drink, or sit and watch the kids play in the big back yard.

The single garage provides drive through access to the back yard where there is also two garden sheds. Plenty of yard space remains on offer for a larger shed or pool if required.

Priced for an immediate sale and being the type of property that would rent in a flash, this property won't last long. An early inspection is encouraged to avoid missing this opportunity!
