CHEBEL ESTATE

Berkeley

CHEBEL ESTATE!

Chebel Estate is a beautifully thought out residential development, offering modern design and material. With only 10 quality homes being 8 villas and 2 townhouses on this large 4500sqm plus estate, these architecturally designed homes are set back off the street and offer a peaceful and tranquil setting with only a short stroll to the waters edge, schools, parks and public transport. This mixture of villas and townhouses have been designed for easy maintenance and capture the essence of the large family type area. Each villa features carpet to the bedrooms with BIWs and tiled hallways, gourmet kitchens with stone benchtops & a dishwasher, an undercover alfresco area and a single remote garage with internal access. The two townhouses feature 3 carpeted bedrooms with BIWs, tiled hallways, polyurethane kitchens with stone benchtops & a dishwasher, a remote double lock up garage and stunning lake views. The modern, yet simple design is great for those looking to downsize, buy their first home or for the astute investor. This estate is within walking distance to local schools, the waters edge and council swimming pools and only a few minutes drive to Port Kembla Hospital and Warrawong Plaza. Completion is expected between March and April 2016.
