

## Midcoast Fuel Injection And Turbo Ctr, Taree, NSW 2430

Sold - 29/01/2021

Industrial Land

### Time To Be Your Own Boss - Attention All Diesel Mechanics!

If you are mechanically minded and ready to go out there on your own, here is an easy business to walk straight into. This long established mechanical business is well known to locals with profitable trading figures and would be easily run as a sole trader or husband and wife team.

Specialising in all things diesel, business services include:

- Repair centre for cars, 4WDs, light commercials, trucks and tractors
- Repair and installation of DTS Turbo Kits
- Onsite diesel pump repairs and calibration in-house
- Car, 4x4, light commercial and heavy vehicle repairs
- Up to date diagnostic equipment for 12 and 14 volt cars and trucks

Offering an extensive list of plant and equipment inclusions making it a walk-in/walk-out venture.

Our reluctant owners are retiring due to a change in circumstance and are ready for handover to an enthusiastic new owner.

Priced to sell at just \$65,000.

To register your interest please contact Amanda Tate by phone 0427 539 991 or email [atate@ljhtaree.com.au](mailto:atate@ljhtaree.com.au)

**Open for Inspection**

By Appointment.
